What you agree to

Eyes, lips and nose

During spraying I'll keep my eyes and mouth closed and use the eye covers, nose filters or lip balm the salon offers, and I'll try not to breathe in the mist.

Initials _____

Not sun protection

I understand a spray tan doesn't protect my skin from the sun, and I still need sunscreen outdoors.

Initials _____

Color and fading

I understand color varies with skin, prep and care, can rub off on clothes and sheets at first, and fades as skin renews, usually within one to two weeks.

Initials _____

Getting ready

I followed the salon's prep steps or told staff what I skipped: exfoliate ahead of time, and come with clean skin and no lotion, deodorant or makeup.

Initials _____

No health claims

I understand the salon makes no claim that this service improves my health, and it doesn't take the place of care from my doctor.

Initials _____

Stopping

I can end my session at any time. I'll stop and tell staff right away if I feel dizzy, sick, too hot or too cold, or anything feels wrong.

Initials _____

My answers

My answers are true and complete. I'll tell the salon before a session if my health or medicines change.
